Remarks

Looking for space to call your own? Look no further than this bright and sunny updated Cape. This one checks all the boxes! This 3/4 bed 2 bath has more than 1,900 sq ft and incredible outdoor space; all in a wonderful neighborhood location! The spacious kitchen boasts granite counters, recessed lighting, and access to a large deck overlooking the huge backyard. From the moment you enter you are greeted by a well proportioned living room with a fireplace and a dedicated office (a feature rarely found at this price point)! A formal dining room, flexible bonus bedroom and beautiful full bath complete with marble and tile round out the first floor. The second floor includes three bedrooms with great closet space & a gorgeous updated fully tiled bath! The lower level finished space easily allows for a playroom, additional family room, or bonus health and wellness space. Wonderful location and minutes to all major routes, schools and shopping.
